

EZEKIEL IVAN T. LELIS

UI/UX Designer • Front-End Developer

ivanlelis.dev@gmail.com | Imus, Cavite

PROFESSIONAL SUMMARY

UI/UX Designer with hands-on experience designing mobile applications, web portals, and CRM systems from wireframes to high-fidelity prototypes in Figma. Experienced in collaborating on client proposal projects and creating intuitive interfaces backed by front-end development knowledge using Angular and React. Passionate about solving user problems through thoughtful, modern design.

WORK EXPERIENCE

Jr. Mobile Application Developer

Jun 2025 – Present

Avanza Inc.

- Led the UI/UX design of seven web and mobile systems for client proposals, from initial wireframes to interactive prototypes in Figma.
- Created user flows, wireframes, design systems, and high-fidelity interfaces focused on usability and consistency.
- Collaborated with stakeholders to gather requirements and translate business needs into user-centered designs.
- Presented design concepts and prototypes to internal teams and prospective clients, incorporating feedback through iterative design.
- Worked closely with developers to ensure accurate implementation of designs.
- Developed cross-platform mobile applications using Angular and Ionic Framework when needed.
- Built and integrated REST APIs using ASP.NET/.NET and Microsoft SQL Server.
- Produced onboarding documentation, user guides, and promotional assets for mobile applications.
